April 2026 Newsletter

Yolanda Archibald

10th April 2026

Commodore's Corner

Some of you may already know, and others might just be hearing it here first—but I've recently stepped into the role of Commodore and I'm looking forward to building on what we already have.

Firstly, a huge thank you to All members. The club only works because of the time, effort, and good spirit so many of you bring—whether that's on the water, helping behind the scenes, or simply turning up and being part of it all.

A special thanks as well to the committee, RPs, and everyone who helps behind the scenes from cutting the grass to repairing the boats - for everything you continue to do to keep everything ticking along (often quietly and without fuss!).

Upcoming Events

- **17th April** — Curry Night
- **9th May** — Open Day

Work Party

Our first Working Party of the season got off to start on the 21 March with lots getting done. Boats were repaired and prepared for the water, The slipway also got a good clean - thanks to Katja and David for tackling that! and the boat area had a tidy up. The work is ongoing and our next Working Party is on 2nd May @ 10am – please come along if you can. A big thank you as well to Derik who has taken on the role of bosun for the skiffs, and to Phil for taking on the responsibility of the trolleys and trailer, it's a great help to the club and very much appreciated.

Sailing Programme

The sailing season has got off to a great start, with Tuesday club sailing underway and training now back up and running on Thursdays . So far, it's been very well supported and it's lovely to see so many sailors out on the water. Weekend sailing will take place, with a decision made during the week whether it will be Saturday or Sunday, depending on the weather - It would be great to see even more of you on the water, so please do come along if you can make it, so keep an eye out for updates!

Please do check out the Sailing Programme on the DSRC website and come along if you can. And for any rowers who haven't tried sailing yet (or if you have friends or family who might fancy giving it a go), Thursday evenings are a great place to start. Just get in touch with Kerstin, or if you have Spond, look under Events.

Open Day

A BIG DAY coming up for the club is our OPEN DAY on 9th MAY, and it would be fantastic to see as many of you there as possible. We'll be welcoming visitors from 11am - 3pm, but we will need helpers from 9.30am to help set up and get everything ready for the day. Any help with things like putting up the gazebo, setting up boats and skiffs, and helping with registration and welcoming visitors would be much appreciated.

We'll also need helms and RPs to take people out on the water, so there's plenty to get involved in. And if you have family or friends who might like to give it a try, this is a perfect opportunity to bring them along (The more the merrier – on the and off the water”).

You'll find copies of the Open Day poster below – please feel free to share them with friends, family, and colleagues it would really help share the word. There's also an Open Day event on Facebook which could be shared so do have a look. A Big Thank You to Pam going full freehand (very impressive), and to Karen's daughter providing brilliant artwork. A real team effort and they look great!

Rowing

The rowers took part in the first “North of the Tay” get-together, hosted by the Royal Tay Yacht Club. We brought along Eider and Tatha to help get everyone out on the water, and it turned into a fantastic day—great company, a chance to try different skiffs, and lovely to meet others from across the Tay. Many thanks to Royal Tay for the kind invitation.

RP Assessment

We're planning to hold the RP assessment on the 1st of May, giving some members the opportunity to get out on the water and show their skills as they work towards becoming RPs

Towing Support

Towing Support – The rowers have had opportunities to visit other clubs and take part in events but are finding it difficult to get someone to tow Eider or Tatha. If anyone can help, or would be willing to consider it, it would be hugely appreciated and would really help us get involved in more outings.

Party Planners

It was also great to see members also came along on 12th February to meet with the “party planners” and share ideas for future events and get-togethers. It was great to see so many good suggestions being put forward, so watch this space! Following on from that, our club hats and caps have been flying out—perfect for keeping the sun out of your eyes and showing off the club colours in style! They're available in a range of colours, and can still be bought, so if you haven't got yours yet, please get in touch with Pam. All proceeds go straight back into the club, and so far, an impressive £365 has been raised—thank you all for all your support!

Evening Talks

We've had a good turnout for the evening talks so far, with five sessions so far. The next one is on Thursday 16th April @18:00, when Clive will be giving a practical session on knots, followed by “The Role of the Cox” on Wednesday 29th April @ 18:00 with Linda. We're keen to keep these going, so if anyone would like to give a talk on sailing, rowing or anything of interest please get back in touch. It would be nice to have more members involved.

Dates to be noted

“Two Bridges” Row on 26th April, (invite from Wormit), and we have 19 rowers already signed for the day.

Broughty Ferry Boating Regatta is on 30 May. We already have four teams lined up to take part – If you're free, it would be great to see some familiar faces along to support the teams.

Further ahead, we have our Portsoy trip from 25th–28th August.

Followed closely by our ever-popular club Party Night on 28th August, with a live band and a bonfire night definitely one to look forward to!

And not to forget our Curry Night on 17th April — there are still tickets available and it promises to be a great evening. If you're able to bring along a contribution of food to share it really helps, make the night special and if so, please get in touch with Rosilynn.

#Information: You can find lots of information on the club website, including our club calendar and sailing programme. It's a great way to keep up with what's happening in the club, so please have a look and make the most of it.

Here's to a great time ahead, on and off the water – there's plenty to look forward to, and I hope to see you down at the club soon.

Fair winds, strong strokes, and plenty of time on the water!
